Beyond the maker-or-manager stereotype: I'm a maker as in engineering design, R&D, and prototyping; a manager as in product and cross-functional leadership *(see n42r.github.io)*

Experience

2015 – 2021 **Research Associate**, *Horizon2020 EU Project (University of Bamberg)*, Germany
- Managed the project to develop a data lake / catalog; interfaced with business partners.
- Built components, managed the product, built interfaces, led developers.
- Technologies: Python, Web2py, Neo4j/RDF, Docker, git, UML, REST, json, json-ld.

2013 – 2015 **Assistant Dean / Lecturer**, *University of Technology Twintech*, Yemen
- Managed the IT and Multimedia faculties, reporting to the university president.
- Led curriculum development initiative for the Business IT and Multimedia faculties.
- Courses: *Software Analysis*, *Human-Computer Interaction*, *Information Design*, etc.

2011 – 2014 **R&D Engineer / Team Leader**, *TayaIT*, Cairo, Egypt
- Managed multiple products (social media apps and games) and reported to the CEO.
- Coordinated cross-functional teams of technical, marketing, art design, and strategy.
- Developed AI players for games, resulting in improved app rankings (C++, Java).

Projects

2021 – 2023 **Guestrrday**
Tool for guessing year and label of songs *(see github.com/n42r/guestrrday)*
- Developed the project based on personal needs of music management.
- **Results:** Successfully organized and tagged over 50,000 songs.

2016 – 2019 **SIMUTOOL KM Suite**, *EU Project*
Data cataloging software suite of 6 components for Industry 4.0 *(see github.com/simutool)*
- Built interfaces, data formats, architecture; developer, supervisor, product manager.
- **Results:** Used to manage & exchange data assets between 8 companies for 3 years.

2011 – 2014 **Greetings Studio**, *TayaIT*
An App for creating and sharing e-cards and visual sentiments *(see n42r.github.io/gs)*
- Technical product management, product design, software architect.
- **Results:** Number of active users & rating steadily grew to 4 stars on the Apple Store.

2011 – 2013 **Tawla iOS Game**, *TayaIT*
Backgammon board game App on the iOS mobile platform *(see n42r.github.io/tw)*
- Built AI players & other complex components (ex., realistic random number generators).
- **Results:** The rating of the App improved from 3 to 4+ stars citing the AI players.

2010 – 2011 **ArtSapiens**, *The German University in Cairo*
Team of 10+ to build software for the RoboCup 2D Soccer Simulation competition.
- R&D head (designed architecture, markov models, etc); co-founder, co-leader.
- **Results:** The team qualified and competed in the 2011 RoboCup finals.

2004 **Reversi3D**, *The German University in Cairo*
3D board game of Othello built using Java (v5) and Java3D.
- **Results:** One of the top three in a competition involving 100+ submitted games.

Skills

Python, Neo4j/RDF, SQL, REST, UML, git, Docker, CLI

Education

2023 **PhD. (Dr. rer. nat.)**, *Information Systems & Applied Computer Science, Otto-Friedrich-Universität Bamberg*, Bamberg, Germany

Thesis: A data architecture pattern for interoperable cataloging, governance and exchange of datasets (*related*: data mesh, data space, data lake) *(see n42r.github.io/phd)*

2010 **MSc.**, *Computer Science & Engineering, The German University in Cairo*, Egypt

Thesis: A framework for robot perception, including computational and algorithmic models. Ex., if a robot hears a baby but does not see it, is there a baby?

2008 **BSc.**, *Computer Science & Engineering, The German University in Cairo*, Egypt

Publications

2021 Data-Sharing Markets for Integrating IoT Data Processing Functionalities. *CCF Transactions on Pervasive Computing and Interaction*.

2018 Semantic Data Management for Experimental Manufacturing Technologies. *Datenbank-Spektrum*.

2010 Focused Belief Revision as a Model of Fallible Relevance-Sensitive Perception. *Künstliche Intelligenz 2010: Advances in Artificial Intelligence*.

2010 High-Level Perception as Focused Belief Revision. *European Conference on Artificial Intelligence (ECAI)*.
